

Amy's Attic Self Storage

Thank you for choosing Amy's Attic Self Storage! Amy's Attic Self Storage is one of the leading providers of self storage in Central Texas with locations within the San Antonio – Dallas -- Houston triangle. Amy's Attic Self Storage is a family owned business headquartered in Temple, TX since 2004 who specializes in acquisitions, development and management of self storage facilities. We are committed to fulfilling all your self storage needs with quality storage, superior customer service, and convenient locations.

Storage Tips
Store items you'll need most often at the front of the unit.
When you pack your storage unit, create a center aisle for access to all items.
If you're storing tables and other furniture, remove legs and store tabletops and sofas on end, to save space.
Pack books flat, not standing on end (which may cause damage to the spines). Books are extremely heavy, so don't pack too many in one box.
Old photographs tend to curl over time. To keep them flat, place them between two pieces of cardboard and tape them together.
Never over-pack boxes. Overfilled boxes may rupture and topple when stacked.
Clean and dry appliances. Keep refrigerator doors slightly ajar and use the space inside these items for additional storage.
Use furniture drawers for small and delicate items. Bubble wrap and packing paper are excellent for these purposes.
When packing toys or smaller objects, remember to fill boxes completely, stuffing open areas with plain newspaper to prevent collapsing when stacked.
Common sense and state laws determine what may be stored. You alone control access to your storage space. Live animals, perishables, liquids, explosives, flammable liquids and fuels, toxic materials, or other items that need a controlled environment are NOT permitted.
Always use high quality locks on your unit. Locks are available for sale-just ask your site manager for a recommendation.
Use trash cans to store shovels, hoes and rakes.
Mattresses should be covered and stored flat on level surfaces.
Use protective covers and treat wood surfaces before storing.
